WELCOME TO THE 1ST EUROPEAN COASTLINE FAIR

The **European Coastline Fair** is the only fair of its kind devoted to coastline economics and development, and is eagerly awaited by professionals working in development, equipment, technology and services relating to the economy of the coastline. For 3 days, from 6th to 8th October 2009, thousands of decision makers will be attending this event at the Parc Expo in Lorient, south Brittany.

An event devoted to business, exchange and decision-making, **SEL** will be revealing a new multi-sector range of services for European decision-makers and managers working in this field.

For three days, the Lorient region, under the auspices of Cap l' Orient, is organizing a programme of **conferences, round tables, meetings and exhibitions** to present, collect and compare the latest expertise and achievements related to the economic development, planning, management and protection of coastal regions.

Who should Exhibit?

A range of fields that is unique and innovative in regards to equipment, technology and services

THE B to B COASTLINE MEETING

The **European Coastline Fair** is the only fair of its kind devoted to coastline economics and development, and is eagerly awaited by professionals working in development, equipment, technology and services relating to the economy of the coastline.

Thanks to the **diversity of its partners and sponsors**, both institutional and economic actors, and a considerable and dynamic media campaign, **SEL** will be offering 3 days of new multi-sector services to European decision-makers and managers working in this field:

- State representatives and official bodies, regional and local elected representatives and their service directors, directors and managers
- Directors and managers of Departmental Public Works Directorates
- Operational decision-makers in charge of major land and sea projects, real estate programmes, private or public construction projects, architects, consultant engineers, design offices, research laboratories
- Consular elected representatives and managers
- Official bodies, French and European Coastline protection foundations and associations
- Managers and users of fishing ports, commercial ports and marinas. engineers, technicians and local authority inspectors
